About Us

Woolton High School is a secondary special school for learners with Social, Emotional and Mental Health needs. We aim to support our learners to achieve their potential in a range of academic and vocational areas.

Classes are arranged into Year group forms and we also run two 'Engagement Centre' Nurture Groups.

We help learners make meaningful progress in a safe, structured and caring environment and ensure they are able to build positive relationships with adults and peers alike.

Pupils are also encouraged to take responsibility for, and have ownership of, their own personal development and behaviour so that they can become young people with the skills and attitudes required to become valued members of society.

In order to achieve these aims, we endeavour to create a learning environment that is positive, friendly and supportive of all learners. We work very

Woolton High School

"Safe, happy, healthy and learning"

closely with Governors, parents/carers and our multi-agency partners to ensure that their child's education is a purposeful, productive and positive experience which helps to prepare them for their next stage of development.

Ofsted commented that **"students achieve well"** at Woolton High and parents have called us a "fantastic school". One parent posted on our Facebook page:

"I highly recommend to any parents considering this school. My son is a different child and is thriving academically".

(Year 8 parent)

Whole School Priorities

A -100% of pupils attend school regularly.

B - 100% of our pupils will improve their behaviour over time.

C -100% of pupils will make progress in their curriculum and leave school with a qualification.
