COVID-19 Absence: A Quick Guide for Families
Please Report to: admin@wooltonhigh.liverpool.sch.uk

What to do if…	Action Needed	Back To School….
… My child has COVID-19 (Coronavirus) symptoms*	. Child should not attend school . Child should get a test . Whole household self-isolates while waiting for test result . Inform school immediately about test results	**….. When child's test comes back negative <u>and</u> only when your child is well enough to attend school and engage in learning**
…. My child tested positive for COVID-19 (Coronavirus)	. Child shouldn't attend school . Child self-isolates for at least 10 days from when symptoms* started (or from day of test if no symptoms) . Inform school immediately about test results . Whole household self-isolates for 14 days from day when symptoms* started (or from day of test if no symptoms) - *even if someone tests negative during those 14 days*	**… When child feels better, and has been without a fever for at least 48 hours** They can return to school after 10 days even if they have a cough or loss of smell/taste. These symptoms can last for several weeks once the infection is gone
… Somebody in my household has COVID-19 (Coronavirus) Symptoms*	. Child shouldn't attend school . Household member with symptoms should get a test . Whole household self-isolates while waiting for test result . Inform school immediately about test results	**… When household member test is negative, and child does not have COVID-19 symptoms***
… Somebody in my household has tested positive for COVID-19 (Coronavirus)	. Child shouldn't attend school . Whole household self-isolates for 14 days from day when symptoms* started (or from day of test if no symptoms) - *even if someone tests negative during those 14 days*	**… When child has completed 14 days of self-isolation, even if they test negative during the 14 days**

* Symptoms include at least one of:- A high temperature, a new continues cough, a loss of or change to; your sense of smell or taste. See more at:
