

Enterprise

At Woolton High School a large emphasis is placed on enterprise through Business Studies and Vocational Options. Enterprise encourages students to build key characteristics needed when transitioning from school to either further education or the workplace. Students gain a wide variety of skills from completing a number of mini enterprise tasks.

Students in Years 9 – 11 complete the BTEC First Award in Business Studies, with the whole school completing a variety of Enterprise activities during Vocational Options. Some of the engaging activities include;

- 3D Printing items for sale
- Tuck Shop
- Christmas Cake Sale
- Easter Enterprise Hunt
- Plant Sale

Enterprise also has strong links with the Vocational options which include;

- Bricklaying
- Horticulture
- Art
- Upcycling
